RE: Virtual Academy Solution Agreement

Dear Board Members:

Please place on the Board minutes to approve the Virtual Academy Solution Agreement between the Rankin County Sheriff's Department and Virtual Academy Solutions. This is a cloud base system which offers hundreds of hours of online training courses taught by national training experts. We will also be able to place our in house training materials on this program as well. The cost is \$35.00 per officer which we will start with 100 Officers. This cost is for one calendar year and is no limit of the hours of training. This does not take the place of some of our hands on training that our Officers will have to receive however this is and will be a great tool that our Officers need to do their job effectively. Our department can't afford to send all our Officers to all the training that they really need. By joining this Virtual Academy Solutions our Officers will be able to have access to a lot of useful training. If this is a approved Virtual Academy Solution will send the official agreement along with an invoice and everything we will need to set them up as a vender. Will need authorization for the Sheriff or his designee to sign the agreement. We will also need a check issued fro the amount of \$3,500.00 which will pulled from the State Drug Fund (012-200).

Thank you,

Ken McBroom
Undersheriff

Re: Verity Relay License and Support

Your jurisdiction purchased Hart's Verity voting system and associated hardware and software from Hart InterCivic, Inc. When you purchased the voting system, you purchased a limited number of "seats" of specific software applications and firmware that resides on voting devices. You would now like to change that License and Support Agreement, part of the Verity Master Agreement, to remove modems from devices and the Relay software seat. Relevant sections of the Verity Master Agreement will remain in place.

By signing this affidavit, you confirm that you are terminating your use of Verity Relay and device modems. Hart will, in turn, not bill you for this software.

Terminating your use of Relay means that the Relay software can no longer be used by you, or others (you do not have a right to transfer title), to conduct elections of any kind.

Hart will pick up your modems and Relay workstation at no charge to you, or you can provide us with a certificate of destruction for the workstation and the modems.

Devices to be returned or destroyed

- Relay Workstation – HP model Z230 – S/N D1500179509
- 70 device modems

Associated reduction in next L&S billing - \$3,016

Please complete and remit this signed affidavit to Hart InterCivic within the next 30 days (email to hartsupport@hartic.com). Once we receive the signed form, we will set up an RMA to pick up your equipment and we'll notify you of the details. If you are destroying the equipment, please remit this form with the certificate of destruction.

If you have questions, please contact the Hart Customer Support Center at 866-275-4278 (or hartsupport@hartic.com).

Thank you for your past business.

Changing Destructive Adolescent Behavior

This is the program that started it all. A Parent's Guide to Changing Destructive Adolescent Behavior (CDAB) is the only parent training program that addresses the MOST destructive of adolescent behaviors. Now in its 15th edition, CDAB has become the program of choice for parents raising difficult or out-of-control teens. The American Bar Association's Center on Children and the Law, named the Parent Project the largest court mandated juvenile diversion program in the country. With a focus on improving both school attendance and performance, CDAB has become a favorite of middle and high school educators as well.

- ✓ **Affordable:** At \$29 per family, CDAB is the least expensive of all practical intervention models.
- ✓ **Effective:** Using a behavioral model, CDAB addresses the critical issues parents face today and offers concrete, step-by-step, solutions, not theory.
- ✓ **Need-based:** CDAB is the only curriculum actually created by parent questions. Over 500,000 parents of high-risk youth helped to develop this unique program.
- ✓ **Easy to Teach:** The Teacher's Guide is the most comprehensive in the industry. Icon driven, the guide walks teachers through visuals, lectures, and group activities that help to provide parents with a smooth process for change.
- ✓ **The Best Teaching Strategies:** CDAB is an activity-based curriculum built on cooperative learning norms. Parents work in groups to brainstorm, practice applying new ideas, and build support. The "magic" happens at the tables.
- ✓ **Parent Support:** CDAB uses the UCLA self-help support group model to create on-going, parent-led community support groups.

Attention: Janice Dendy
211 East Government Street, Suite A
Brandon, MS 39042

Dear Janice Dendy,

Each year, Girl Scouts of Greater Mississippi serves over 8,000 girls across 45 counties in central and south Mississippi. Approximately 2,000 of these girls are served through staff-led troops during the school day. These girls are in the most economically depressed areas of our council, with the fewest opportunities for enrichment activities. They are our "In School Girl Scouts," and your donation provides them an opportunity to experience a complete Girl Scout membership, including an opportunity to go to summer camp.

Our Council delivers the opportunities and leadership skills that all Girl Scouts experience, including Girl Scout t-shirts so they know they are a part of a nation-wide group. We provide outdoor time, instilling an appreciation for nature and teaching ways to help take care of the earth. We provide S.T.E.M. (science, technology, engineering and math) activities, like robotics, coding and engineering, helping prepare them for the in-demand jobs for the future. Our council encourages participation in the Girl Scout cookie sale program, teaching not only business skills, but instilling confidence. Finally, Girl Scouts teach life skills - everything from sewing on a button to planning a well-balanced nutritious meal.

Our premier fundraising event, Women of Distinction, will be held Thursday, September 16th at the Westin Hotel in downtown Jackson. Would you consider a donation to support these "In School Girl Scouts?" A \$1500 sponsorship covers the cost of 12 Girl Scouts for the school year.

The women that we honor that evening, our Laureates, are women whose personal and professional accomplishments make them positive role models to inspire girls to achieve their own goals and dreams.

The 2021 Women of Distinction are:

- Carolyn Boteler, President at TempStaff
- Ebony Lumumba, PhD., Asst. Professor of English/Department Chair of English, Modern Foreign Languages, & Speech, Jackson State University
- Cathy Lott Northington, Chief Operating Officer, Mississippi Economic Council
- Dorothy Shaw, Director, Ethics, EEO/DE&I, Ingalls Shipbuilding
- Dana Stringer, Mississippi Republican Executive

We hope that you will join us as a sponsor of the 2021 Women of Distinction event. Enclosed are our sponsorship levels with our thanks in advance,

Sincerely, *Becky Traweck*

Board Attorney, Craig Slay, opened the public hearing. John Martin, attorney for the applicant, spoke regarding the application. Mr. Martin did not demonstrate how the application complied with Rankin County's Zoning Ordinance and did not address Rankin County's specific Zoning Ordinance requirements. Mr. Slay then gave a staff presentation regarding the application. Mr. Slay introduced the following 9 exhibits into the record for the Board's review and consideration: (1) conditional use application; (2) street/aerial views of the property; (3) Reservoir Community District Qualified Resort Area Map; (4) Pearl River Valley Water Supply District Map; (5) Chris Watson Map; (6) Rankin County Zoning Ordinance; (7) Rankin County Comprehensive Plan; (8) Chris Watson Report; (9) Presentation Outline. The video of Mr. Slay's presentation and the entirety of the public hearing is available through Rankin County's website, and the video is incorporated herein by reference. After his presentation, Mr. Slay informed the Board that it was the staff's recommendation that the application be denied. Mr. Slay asked Mr. Martin if there was anything else he wanted introduced into the record, and Mr. Martin introduced only one additional matter - Exhibit 10, the Board's December 15, 2020 Minutes. Mr. Slay confirmed that the record would consist only of the 10 Exhibits and no other submissions, and no objections were made. Board Member Jay Bishop then moved to close the public hearing and that no further information be submitted into the record, and the Board unanimously affirmed the motion. The Board then voted unanimously to deny the application for the following reasons:

a. The proposed use is not compatible with the character of the existing residential neighborhoods that are in close proximity to the proposed use.

Attachment: Vardoc Minutes July 15, 2021 (Proof) (16590 : Various Documents)

b. The proposed use is not compatible with adjacent commercial businesses that are supported in large measure by the neighborhood subdivision residents that surround them.

c. The number of liquor stores already permitted in very close proximity to the proposed use, as well as, the tight concentration of already permitted liquor stores in the area, pose a significant risk of blighting influences on the surrounding neighborhoods.

d. The motion to deny the conditional use application is based on the above reasons and the motion to deny the conditional use application is also based on all of the information presented during the public hearing on July 15, 2021, and the ten exhibits entered into the record of the public hearing, all of which are incorporated into the motion to deny the conditional use application.

We have completed our analysis of the Building Codes adopted by your jurisdiction and the efforts put forth to properly enforce those codes. The resulting Building Code Effectiveness Grading Classification is Nine (9) for one (1) and Two (2) family residential property and Nine (9) for commercial and industrial property, effective 2021.

Mississippi State Rating Bureau is an insurance company-supported organization with the primary mission of providing advisory insurance underwriting and rating information to insurance companies. There is no requirement that insurance companies use our advisory material. Insurance companies may have adopted, or may be in the process of adopting, an insurance rating program that will provide rating credits to individual property insurance policies in recognition of community efforts to mitigate property damage due to natural disasters. These companies may use the Building Code Effectiveness Grading Classification we have recently developed for your city as a basis for the credits used.

We want to highlight the fact that the Building Code Effectiveness Grading Schedule is an insurance underwriting and information tool; it is not intended to analyze all aspects of a comprehensive Building Code Enforcement Program nor is it for purposes of determining compliance with any state or local law or for making property/casualty loss prevention and life safety recommendations.

County Administrator

If you have any questions about the Classification that was developed, please let me know. Additionally, if you are planning on any future changes in your Building Codes or their enforcement, please advise us as these changes may affect our analysis and your grading classification.

TO ALL INTERESTED AGENTS:

BUILDING CODE EFFECTIVENESS GRADING SCHEDULE CLASSIFICATION (BCEGS) RANKIN COUNTY, MISSISSIPPI

This is to advise that a Building Code Effectiveness Grading Schedule Classification of **Ninth Class** for one (1) and two (2) family residential property and **Ninth Class** for commercial and industrial property has been established for Rankin County, Mississippi effective 2021. This is a change from the previous classification of **Eighth Class** for one (1) and two (2) family residential property and **Eighth Class** for commercial and industrial property.

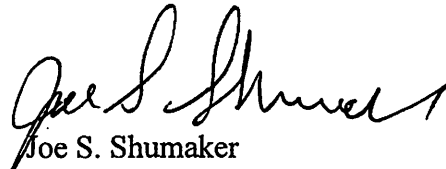

This classification applies only to structures within the legal boundaries of this jurisdiction which are issued a Certificate of Occupancy during or after the effective year of this classification. Any preceding classification would still apply to those structures built in a year prior to the establishment of this classification.

The Building Code Effectiveness Grading Schedule, including the Basic Group II factors for commercial lines has been approved for use in Mississippi. Details outlining the procedures pertaining to the Building Code Effectiveness Grading Schedule can be found in the Commercial Lines Manual, Division Five, addition rules in the State Exception Pages as distributed by the Insurance Services Office, Incorporated.

Do not confuse this classification with the Public Protection Classification.

The Building Code effectiveness Grading Schedule is used as an insurance underwriting and information tool. It is not intended to analyze every attribute of a Building Code enforcement program. It is not used for determining compliance with state or local laws or for making property loss or life safety recommendations.

Yours very truly,

 Joe S. Shumaker

MAINTENANCE INSPECTION REPORT
OFFICE OF STATE AID ROAD CONSTRUCTION
MISSISSIPPI DEPARTMENT OF TRANSPORTATION

Rankin County - DATE OF THE INSPECTION: 20 & 21 July 2021

NAMES OF PERSONS ATTENDING THE INSPECTION:

Mike Harrison, Road Manager
Tim Parker, P.E., Rankin County Engineer
Edward (Butch) Swales Jr., P.E., State Aid District Engineer

Give a general narrative description of the maintenance of the surface, shoulders, slopes, ditches, drainage structures, rights-of-way and bridges on all the State Aid projects in the county.

Roadway surfaces were generally found to be in very good condition due to the recent County, SAP and LSRP projects on State Aid and County roads. A few roads will need leveling, overlaying and restriping in the near future. Bridges were also in good condition with a few bridges needing decks swept and restriped. Most boxes were found to be in excellent condition. Ditches and rights-of-way are generally in very good condition. The results of this inspection show that the State Aid projects in Rankin County were found to be in a very good state of maintenance which makes the annual inspection of the Rankin County roads and bridges a pleasure to perform. The hard work of your road manager and maintenance crews is very evident and they are to be commended.

A. Items which need to be corrected immediately:

Repair damaged guardrail on a bridge on Old Highway 471. Repair the paved ditches under the bridge on Erlich Road and on Luckney-Brandon Road. Remove remaining hazardous mailboxes within the roadway clear zone (10 Ft. from pavement edge). Several noted roadways contain low shoulders which need to be filled and compacted to proper height. Improperly mounted Object Marker and Chevron signs should be properly reinstalled.

**NOTICE OF A PUBLIC HEARING ON THE
PROPOSED BUDGET AND PROPOSED TAX
LEVIES FOR THE UPCOMING FISCAL YEAR
FOR RANKIN COUNTY, MISSISSIPPI**

The Rankin County Board of Supervisors will hold a public hearing on a proposed budget and proposed tax levies for fiscal year 2021-2022 on the 7th day of September, 2021 at 9:00 a.m. in the Board of Supervisors meeting room at 211 E. Government St., Suite A. Brandon, Mississippi.

The Rankin County Board of Supervisors is now operating with projected total budget revenue of \$183,550,406 (35.5 percent) or \$65,159,943 of such revenue is obtained through ad valorem taxes. For next fiscal year, the proposed budget has total projected revenue of \$216,574,885. Of that amount, (31.0 percent) or \$67,158,908 is proposed to be financed through a total ad valorem tax levy.

The decision to not increase the ad valorem tax millage rate for fiscal year 2022 above the current fiscal year's ad valorem tax millage rate means you will not pay more in ad valorem taxes on your home, automobile tag, utilities, business fixture and equipment and rental property, unless the assessed value of your property has increased for the fiscal year 2021.

Any citizen of Rankin County is invited to attend this public hearing on the proposed budget and ad valorem increase and will be allowed to speak for a reasonable amount of time and offer tangible evidence before any vote is taken.

**RE: RANKIN COUNTY COMMUNITY SERVICES RENOVATION
ARCHITECTURAL SERVICES INVOICE**

Dear Keith:

Attached is a copy of our Architectural Invoice 21-0193 in the amount of \$8,744.04 for Architectural Services provided as directed by the Board of Supervisors. This Invoice represents Basic Services performed through Bidding phase. The Basic Services Fee is based on Two Scopes of Work which originally included the Renovation of Both Floors.

As an explanation, our records indicate a previous payment of \$44,545 for Basic Services for Design Work for both floors through the 70% Phase. Out of this payment, \$31,340 was the portion for the First Floor based on the previous cost estimates.

Through the Bidding (80%) Phase the Fee for the First Floor Basic Services is \$37,323 based on the Actual Bid of \$554,750. Therefore, the Balance of Basic Services Fees through Bidding is $\$37,323 - \$31,340 = \$5,983$. Additional Services for the Structural Study and Printing are in addition to the Basic Services Fee.

Please forward to the Board of Supervisors for their review and execution. Please don't hesitate to contact me if you have any questions or need additional information.

Sincerely,

JH&H ARCHITECTS/PLANNERS/INTERIORS, PA
