IV. CALL TO ORDER MEETING OF THE RANKIN COUNTY BOARD OF SUPERVISORS

V. PUBLIC COMMENT

VI. TIM PARKER, COUNTY ENGINEER

A. SAP 61(20)M – Discussion and Potential Action

VII. CRAIG SLAY, BOARD ATTORNEY

Authority of Board President to execute Project Partnership Agreement between Rankin County, Mississippi, and the United States Army Corps of Engineers to initiate an important storm water management project benefitting Rankin County, Mississippi, identified as "Section 219, Water Resources Development Act, Live Oaks Riparian Benching & Floodplain Restoration." This project is the first for Rankin County using funding appropriated to the United States Army Corps of Engineers based upon an amendment to the Water Resources Development Act extending Section 219 authority to include storm water projects. This project relates to storm water improvements upon properties that are adjacent to the Live Oaks Subdivision near properties owned and controlled by the State of Mississippi along Highway 468. The estimated cost of the project is \$3,233,404.80. The estimated federal share of the project cost (75%) is \$2,425,053.60. The estimated local match responsibility (25%) is \$808,351.20. As a part of the local match responsibility, Rankin County is eligible for a credit of in-kind services in the estimated amount of \$512,707.32, leaving an estimated cash-equivalent local match responsibility to be paid by Rankin County of \$295,643.88. Authority for Board President, Board Attorney and/or County Administrator to execute

any and all agreements and conduct all actions necessary to carry out the Board's intention to initiate the project, "Section 219, Water Resources Development Act, Live Oaks Riparian Benching & Floodplain Restoration" and to implement said project to completion and to issue payment for same upon presentation of proper and appropriate invoices related thereto
